Dear Patients,

I am retiring from my practice and closing the office, effective December 31, 2018. I have enjoyed being your physician.

If I told you before that you need vascular surgery followup care, then please contact your primary care doctor soon for referral to another doctor. Or if your primary care doctor is comfortable, he or she may choose to follow your vascular condition. If you have an urgent problem, care is also available at the emergency departments of Huntsville Hospital and Crestwood Medical Center.

A request form for record transfers can be downloaded at

The address to send the form is:
